

Wednesday Oct-10 Room – CCB – Pequeno Auditório – Level 0

8:30 – 9:05	<p>Plenary Lecture</p> <p>Rational design of ionic media from a molecular perspective: understanding solvation and interfaces, <u>Agílio Pádua</u>, University of Clermont Auvergne & CNRS, France</p> <p>Chair: Tom Welton, UK</p>
9:05 – 9:30	<p>Invited Lecture</p> <p>Examining the theory and application of ionic liquids as heat transfer fluids, <u>Chris Hardacre</u>, United Kingdom</p> <p>Chair: Carlos Nieto de Castro, Portugal</p>
9:30 – 10:30	<p>Materials I Chairs: Óscar Cabeza, Spain and Valentim Nunes, Portugal</p>
9:30 – 9:45	Material assessment of nickel-base alloys for high temperature molten chloride salt loops using LiCl-KCl as heat carrier, <u>Christian Knosalla</u> , Germany
9:45 – 10:00	Nanofabrication and Nanostructuration. When Ionic Liquids Meet Applications, <u>Paul-Henri Haumesser</u> , France
10:00 – 10:15	Polymerized Ionic Liquid Membranes for Lithium Ion Batteries, <u>Robert Löwe</u> , Germany
10:15 – 10:30	On the Electrochemical behaviour of Co(II) in [EMI][NTf2] Ionic Liquid, <u>Martin Straka</u> , Czech Republic
10:30 – 11:00	Coffee Break
11:00 – 11:45	Conference Photo (Place to indicate)
11:45 – 19:00	<p>SOCIAL PROGRAM EXCURSION (Lunch Pack Provided)</p> <p>Natural SALINAS – Rio Maior and Casa Santos Lima (Winery) – Merceana</p>
